Section 1. Introduction

1.1 Background

The **Greater Chennai Corporation** ("**GCC**" or the "**Authority**" or the "**Concessioning Authority**"), in its capacity as the municipal authority responsible for civic infrastructure and service delivery in Chennai, intends to augment its non-tax revenues through the regulated grant of advertising rights on select public-use assets owned and maintained by it.

In pursuit of this objective, GCC is undertaking a competitive bidding process for the award of advertising rights across its jurisdiction. The opportunity is offered through multiple independent **bid packages**, each comprising a defined set of **Concessioned Assets**, such as bus bays, streetlight poles, parks, playgrounds, bridges, community centres, and other built structures. The assets under each package are geographically distributed across one or more zones of GCC.

Each package shall be awarded as a standalone **Concession**, and the Selected Bidder ("**Concessionaire**") for a package shall be granted a non-exclusive, time-bound license to install, operate, and commercially exploit outdoor advertising infrastructure on the designated Concessioned Assets falling under that package, in accordance with the terms and conditions of the **Draft Concession Agreement (DCA)**, forming **Volume II** of this RFP.

The **bid parameter** for each package shall be the **Annual Concession Fee** offered by the bidder to GCC, over and above the **Reserve Annual Concession Fee** notified for that package. The rights granted under each Concession shall be limited to the scope defined in the Concession Agreement and shall not create any tenancy, leasehold, or proprietary interest in favour of the Concessionaire.

Deposit (EMD). However, the Authority shall not consider any proposal that is not valid on the date of evaluation.

Any extension of the Proposal Validity Period shall be unconditional and in writing. Bidders agreeing to the extension shall not be permitted to modify the contents of their proposal, except as otherwise permitted by the Authority.

3.4 Bid Due Date and Timelines

The Proposal must be submitted online through the **Tamil Nadu Tenders portal** (www.tntenders.gov.in) **on or before the Bid Due Date** specified in the Bid Schedule (Clause 1.4 of this RFP).

The portal will automatically disable submission functionality after the Bid Due Date and time. Bidders are advised to complete the upload process well in advance to avoid last-minute technical issues.

The Authority shall not be responsible for any delay or technical failure in the Bidder's access to the portal. Bids submitted after the deadline shall not be considered and no extension of time shall be granted.

Note: It is the sole responsibility of the Bidder to ensure that all documents, forms, and annexures are properly uploaded before the deadline.

3.5 Language and Format

All documents, forms, statements, and communications submitted as part of the Proposal shall be in **English**. Financial values must be stated in **Indian Rupees (INR)** only.

If any supporting document is in a language other than English, it must be accompanied by a **certified English translation** issued by an authorised translator or notary. In case of any discrepancy, the English version shall prevail for interpretation.

Bidders shall submit their proposals strictly in the formats and sequence prescribed in **Section 8: Appendices – Bidding Forms and Submission Requirements**. All uploaded documents shall be **digitally signed by the authorised signatory** holding the valid Digital Signature Certificate (DSC) used for submission. Wherever applicable, scanned copies of signed documents must also bear the **physical signature and seal** of the authorised signatory.

Failure to comply with these requirements may result in the Proposal being deemed non-responsive.

3.6 Modification of Bids

A Bidder may modify its Bid **at any time before the Bid Due Date**, by accessing its submission on the Tamil Nadu Tenders portal (www.tntenders.gov.in).

Such modification must be carried out using the same Digital Signature Certificate (DSC) used for the original submission. Any modification will be treated as a **complete resubmission**, and the latest version uploaded before the Bid Due Date shall be deemed the final Bid. For avoidance of doubt, it is clarified that no bid shall be modified after the Bid Due Date.

No Bid shall be withdrawn.
If a Bidder submits and withdraws its Bid at any point in time from the start date of bid document download or fails to comply with any post-bid obligations without sufficient cause, the Authority reserves the right to **forfeit the Earnest Money Deposit (EMD)** and initiate appropriate action as per applicable rules.

3.7 Authority's Right to Annul or Modify the Bidding Process

The EMD shall be refundable to unsuccessful Bidders in accordance with the provisions of the **Tamil Nadu Transparency in Tenders Rules, 2000**, and shall not bear any interest. The EMD of the Selected Bidder shall be retained until the execution of the Concession Agreement.

The EMD shall be liable to forfeiture, without prejudice to any other rights of the Authority, in the following cases:

a) If the Bid is withdrawn before signing of the Concession Agreement;

b) If the Selected Bidder fails to execute the Concession Agreement within the prescribed period;

Section 4. Bid Evaluation and Selection

4.1 Bid Opening Procedure

Bids shall be opened and evaluated through a two-envelope system as follows:

a) The Technical Bids of all Bidders shall be opened first, for all Packages together, to assess responsiveness and preliminary eligibility under Section 2.

b) The Financial Bids of all responsive Bidders shall then be opened simultaneously for all Packages.

Notwithstanding anything to the contrary contained elsewhere in this Document, the evaluation and award of Packages shall be undertaken on a portfolio basis, such that:

a) The technical and financial qualifications of each Bidder shall be verified with reference to the final combination of Packages proposed to be awarded to that Bidder, recognising that:

   (i) technical eligibility may be satisfied for all or a subset of the Packages bid for, depending on the qualifying project(s) submitted; and

   (ii) financial capacity shall be assessed cumulatively for the aggregate of Packages proposed for award; and

b) The overriding objective of evaluation shall be to **maximize the aggregate Annual Concession Fee** receivable by the Authority, subject to all eligibility requirements and package-award limitations specified in this Document.

All bid openings shall be conducted electronically through the Tamil Nadu Tenders Portal and shall be accessible to authorised representatives of the Bidders, if present.

4.2 Responsiveness Check and Preliminary Scrutiny

Each Technical Bid shall be examined to determine whether it:

a) Is complete, properly formatted, and digitally signed;

b) Includes all documents specified in Section 8;

c) Is accompanied by the required EMD;

d) Contains no material omissions, conditions, or deviations; and

e) Does not attract disqualification under the provisions of Section 2.

Only responsive Bids shall be considered for detailed technical evaluation.

4.3 Evaluation of Technical Bids

a) Each responsive Bidder shall be evaluated for technical capacity as follows:

   (i) The Bidder shall submit details of qualifying project(s) in accordance with Clause 2.2(b).

(ii) For each Package, the Authority shall compare the size of the Bidder's qualifying project(s) against the Technical Threshold specified for that Package.

(iii) The Bidder shall be deemed technically qualified only for those Packages whose Technical Threshold is equal to or less than the size demonstrated by its reference project(s).

(iv) A Bidder may rely on the same reference project for multiple Packages, subject to the above test.

(v) Where the Bidder's qualifying project is smaller than the threshold for certain Packages, the Bidder shall be considered technically qualified only for the subset of Packages that it meets.

b) The Bidder's financial capacity shall be assessed in terms of its average annual turnover as defined in Clause 2.3.At this stage, the turnover shall only be verified and recorded; its sufficiency shall be tested cumulatively during portfolio evaluation under Clause 4.4, based on the specific combination of Packages proposed to be awarded.

c) The outcome of this stage shall be an **eligibility matrix** listing, for each Bidder:

(i) The Packages for which it is technically qualified; and

(ii) Its verified average annual turnover.

d) The aforementioned eligibility matrix shall form the basis for portfolio evaluation.

The **Technical Threshold and Financial Threshold** applicable to each Package, for the purpose of this RFP, are set forth in the table below:

Package	Max. Permitted Area	Technical Threshold	Reserve ACF (INR, Cr)	Financial Threshold
A	5,199 sq.m	1,600 sq.m	15.0	₹25 Cr
B	5,020 sq.m	1,500 sq.m	11.0	₹20 Cr
C	7,857 sq.m	2,400 sq.m	9.0	₹17 Cr
D	6,345 sq.m	1,900 sq.m	9.0	₹17 Cr
E	6,272 sq.m	1,900 sq.m	8.5	₹15 Cr
F	6,308 sq.m	1,900 sq.m	8.0	₹14 Cr

Illustration:

For a Bidder to be considered for both Packages A&C:

a) The Bidder must demonstrate **at least 2,400 sq.m** of completed public media area, and

b) **₹42 Cr.** in average annual turnover from eligible activities (₹25 Cr. + ₹17 Cr.)

For avoidance of doubt it is clarified that if a Bidder has executed a qualifying project with installed media area of 1,900 sq.m, they may use this same project to bid for the Packages D, E and F (which require a minimum Technical Threshold of 1,900 sq.m from one qualifying project), as well as Packages A and B (which require Technical Threshold of only 1,600 sq.m and 1,500 sq.m respectively from one qualifying project), since the project meets or exceeds the minimum Technical Threshold for each of those packages.

4.4 Opening and Evaluation of Financial Bids

4.4.1 The Authority shall open the Financial Bids of all responsive Bidders for all Packages simultaneously through the Tamil Nadu Tenders Portal. Each Financial Bid shall quote the **Annual Concession Fee ("Financial Bid")** offered over and above the Reserve Annual Concession Fee.

4.4.2 Portfolio evaluation shall be carried out as follows:

a) Step 1 – Compilation of Bids:

All Financial Bids shall be tabulated for each Package and linked to the eligibility matrix prepared under Clause 4.3.

b) Step 2 – Identification of Feasible Combinations:

All feasible award combinations shall be generated ensuring that:

(i) Each Bidder is considered only for Packages for which it is technically qualified;

(ii) For any combination of Packages proposed to be awarded to a Bidder, its verified turnover ≥ the sum of the Financial Thresholds of those Packages; and

(iii) The restrictions on maximum number or grouping of Packages under Clause 4.4.3 are respected.

c) Step 3 – Portfolio Comparison:

For each feasible combination, the total ACF to the Authority (sum of all ACFs across awarded Packages) shall be computed.

d) Step 4 – Selection of Optimal Portfolio:

The combination yielding the highest total ACF to the Authority shall be declared the Optimal Portfolio.

e) Step 5 – Confirmation of Qualification:

Within the Optimal Portfolio, each Bidder's qualification shall be reconfirmed with reference to the final set of Packages awarded, applying the technical and cumulative financial thresholds. The Authority shall then award the Packages in the configuration representing the Optimal Portfolio.

4.4.3 Notwithstanding any other provision herein, the award of Packages shall be governed by the following limitations:

a. A Bidder shall not be awarded more than three (3) Packages in total.

b. A Bidder shall not be awarded both Package A and Package B.

For the avoidance of doubt, the determination of the Optimal Portfolio shall be based solely on the combination of Package awards that yields the highest aggregate Annual Concession Fee to the Authority, subject to all eligibility and award-limit conditions .Accordingly, the Authority is not bound to award any individual Package to the Bidder quoting the highest ACF for that Package, where such award does not conform with 4.4.2 above.

4.4.4 Deleted**.**

4.4.5 In the event of a tie – i.e., where two or more Bidders quote the same highest Annual Concession Fee for a Package, or where alternative portfolio combinations yield the same aggregate Annual Concession Fee, the Authority shall invite limited re-bids from the affected Bidders for the concerned Package(s), to identify the combination that produces the highest overall aggregate Annual Concession Fee to the Authority.

If a tie persists after such limited re-bid, the Authority shall determine the successful Bidder(s) for the affected Package(s) by draw of lots, conducted in the presence of the authorised representatives of the tied Bidders.

4.5 Reservation of Rights by Authority

4.5.1 The Authority reserves the right, in its sole and absolute discretion, to:

a. Award none, some, or all Packages;

b. Award Packages in any combination deemed by the Authority to maximize the aggregate Annual Concession Fee; and

c. Reject, accept, or modify any Bid, or any portion thereof, without the necessity of providing any explanation.

4.5.2 By submitting a Financial Bid, a Bidder shall be deemed to have irrevocably acknowledged and accepted the Authority's prescribed evaluation methodology and all stipulated award conditions.

4.6 Negotiation and Selection of Preferred Bidder

The Authority reserves the right to invite the Selected Bidder or Bidders to participate in the negotiation process with the objective of enhancing the overall financial value of the portfolio to the Authority.

4.7 Issue of Letter of Award (LoA)

The Authority shall issue a **Letter of Award (LoA)** to the Preferred Bidder for each package. The LoA shall specify the awarded package, the accepted Annual Concession Fee, and the timeline for signing the Concession Agreement.

The Preferred Bidder shall:

a) Convey **unconditional written acceptance** of the LoA within **7 (seven) days** from the date of its issuance; and

b) Comply with all other conditions precedent to signing of the Concession Agreement, as specified in the LoA.

Upon submission of the written acceptance of the LoA, the Preferred Bidder shall be designated the **Selected Bidder** for the relevant package.

In the event that the Bidder ranked highest for a package:

a) **Withdraws from the bidding process** before issuance of the LoA; or

b) **Fails to accept the LoA** within the prescribed period; or

c) **Fails to comply with any terms of the LoA** or to execute the Concession Agreement within the stipulated time,

then the Authority shall have the right to:

a) Cancel the award and forfeit the Earnest Money Deposit (EMD); and

b) At its sole discretion, invite one or more other Bidders, whose inclusion results in the next-best feasible portfolio combination, as determined by the Authority, to **match or improve** the earlier offer and be considered for award, provided that their Bid remains valid and compliant with the terms of this RFP.

4.8 Execution of Concession Agreement

The Selected Bidder shall execute the Concession Agreement, in the form provided in **RFP Volume II**, within **30 (thirty) days** from the date of issuance of the LoA.

The Performance Security shall be furnished **after execution of the Concession Agreement**, in accordance with its terms. Failure to execute the agreement or furnish the Performance Security within the stipulated period shall result in cancellation of the award and forfeiture of the EMD, without prejudice to other remedies available to the Authority.

Section 5. Legal and Regulatory Framework

2. Bidder then logs into the portal using the user ID and password chosen during enrolment.

3. The e-token that is registered should be used by the Bidder and should not be misused by others.

4. DSC once mapped to an account cannot be remapped to any other account. It can only be inactivated.

5. The Bidders can update well in advance the documents such as certificates, purchase order details, etc., under the **My Documents** option and these can be selected as per Tender requirements and then attached along with Bid Documents during bid submission. This will ensure lesser upload of Bid Documents.

6. After downloading / getting the Bid Schedules, the Bidder should go through them carefully and then submit the documents as per the Bid Document, otherwise, the Bid will be rejected.

7. The Format for Financial Proposal must not be modified / replaced by the Bidder and the same should be uploaded after filling the relevant columns, else the Bidder is liable to be rejected for that tender. Bidders are allowed to enter the Bidder Name and Values only.

8. If there are any clarifications, this may be obtained online through the e-Procurement Portal, or through the contact details given in the tender document. Bidder should take into account any corrigendum published before submitting the Bids online.

12. The Bidder has to submit the Tender Document(s) online well in advance before the prescribed time to avoid any delay or problem during the Bid submission process.

13. There is no limit on the size of the file uploaded at the server end. However, the upload is decided based on the memory available at the client system as well as the network

bandwidth available at the client side at that point of time. In order to reduce the file size, Bidders are suggested to scan the documents in **75–100 DPI** so that the clarity is maintained and also the size of file also gets reduced. This will help in quick uploading even at very low bandwidth speeds.

14. It is important to note that the Bidder has to **Click on the Freeze Bid Button**, to ensure that he/she completes the Bid Submission Process. Bids which are not Frozen are considered as **Incomplete/Invalid** and are not considered for evaluation purposes.

15. The Authority will not be held responsible for any sort of delay, or the difficulties faced during the submission of Bids online by the Bidders due to local issues.

16. The Bidder may submit the Bid Documents in **online mode only**, through this portal. **Offline documents will not be handled through this system.**

17. At the time of freezing the bid, the e-Procurement system will give a **successful bid updation message** after uploading all the Bid Documents submitted and then a **Bid Summary** will be shown with the Bid No., date & time of submission of the Bid with all other relevant details. The documents submitted by the Bidders will be digitally signed using the e-token of the Bidder and then submitted.

18. [Blank – numbering error in original text.]

19. After the Bid submission, the **Bid Summary** has to be printed and kept as an acknowledgement as a token of the submission of the Bid. The Bid Summary will act as a **proof of Bid submission** for a Tender floated and will also act as an **entry point** to participate in the Bid Opening event.

20. Successful Bid submission from the system means the Bids as uploaded by the Bidder are received and stored in the system. The system does not certify for its correctness.

21. The Bidder should ensure that the Bid Documents submitted are **free from viruses**, and if the documents cannot be opened due to virus issues during Tender opening, the Bid is liable to be rejected.

22. The **time displayed from the server clock** at the top of the Tender Portal will be valid for all actions of requesting Bid submission, Bid opening, etc., in the e-Procurement portal. The time followed in this portal is **as per Indian Standard Time (IST)**, which is GMT+5:30. The Bidders should adhere to this time during Bid submission.

23. All the data being entered by the Bidders would be **encrypted at the client end**, and the software uses **PKI encryption techniques** to ensure the secrecy of the data. The data entered will not be viewable by unauthorized persons during Bid submission and not viewable by anyone until the time of Bid opening. Overall, the submitted Bid Documents become readable only after the Tender opening by the authorized individual.

24. During transmission of the Bid Document, the **confidentiality of the Bids is maintained** since the data is transferred over **secured Socket Layer (SSL)** with 256-bit encryption technology. Data encryption of sensitive fields is also done.
